

Poetry.

THE BURIAL GROUND.

The dead are every where!
The mountain side; the plain; the wood profound,
All the wide earth—the fertile and the fair,
Is one vast burial ground!

Within the populous street;
In solitary homes; in places high;
In pleasure domes where pomp and luxury meet,
Men bow themselves to die.

The old man at his door;
The unweaned child murmuring its wordless song,
The bondman and the free; the rich, the poor;
All, all to death belong!

The sunlight gilds the walls
Of kingly sepulchres wrought with brass;
And the long shadow of the cypress falls,
Adown the common grass.

The living of gone time
Built their glorious cities by the sea,
And awful in their greatness sat sublime,
As if no change could be.

There was the eloquent tongue;
The poet's heart; the sage's soul is there;
And loving women with their children young;
The faithful and the fair.

They were, but they are not;
Suns rose and set, and earth put on her bloom,
Whilst man submitting to the common lot,
Went down into the tomb.

And still amid the wrecks
Of mighty generations passed away,
Earth's bosom growth, the fragrant wild flower
decks

The tombs of yesterday.

And in the twilight deep,
Go veiled woman, like her who went,
Sister of Lazarus, to the grave to weep,
To breathe the low lament.

The dead are every where!
Where'er is love, or tenderness, or faith;
Where'er is power, pomp, pleasure, pride,
where'er

Life is or was, is death.

Moral and Religious.

CONSOLATION FOR THE RIGHTEOUS.—I need not undertake to prove that God will ever be ready to assist the perfect man—that his eyes are always upon the righteous, and that his ears are always open to their prayers—that they are the dear objects of his delight and love. Reason and scripture both do abundantly attest this; and the repeated promises of God to good men, encourage them to hope from him whatever beloved children may from a tender father. Is not this then enough to inspire the perfect man with great and confident hopes? He knows, not only that his heavenly Father is immutable—that nothing less than presumption, obstinacy, habitual neglect or wickedness can tempt him to recall his gifts, or repent him of his favors; he knows not only that God is faithful, and will not suffer him to be tempted above what he is able; but he knows also that he has a powerful intercession at the right hand of God, an advocate with the Father, who cannot but prevail. Nor is this all yet; he has a great many things that plead for him with God. There are tears which have all been bottled up—and there are his prayers and alms which are gone up for a memorial before God; there is a book of remembrance, wherein all his pious discourses are registered, and God is faithful and cannot forget his works and labor of love. The Holy Spirit will not soon quit the bosom that it so long resided in; it will not suffer itself to be divided from that person with whom it has entered into close union, that it seemed as it were, incorporated with him, and essential to his being; whence it is that the spirit is said to be grieved when it is forced to retire.—Dr. Lucas.

MOTHERS BE CHEERFUL. Not in studies above their years, or in irksome tasks, should children be employed. The joyous freshness of their natures should be preserved while they learn the duties that fit them for this life and the next. Wipe away their tears. Remember how hurtful are the heavy rains to the tender blossom just opening on the day. Cherish their smiles. Let them learn to draw happiness from all surrounding objects—since there must be some mixture of happiness in every thing but sin. It was once said of a beautiful woman, that from her childhood, she had ever spoke smiling, as if the heart poured joy from the lips, and they turned it into beauty. May I be forgiven for so repeatedly pressing on mothers to wear the lineaments of cheerfulness? How much it is to be deprecated, when piety, the only foundation of true happiness, fails of making the joy visible to every eye! Its happiness is the melody of the soul, the concord of our feelings with the circumstances of our lot, the harmony of the whole being, with the will of our Creator, how desirable that this melody should produce the response, of sweet tones, and a smiling countenance, that even slight observers may be won by the charms of its external symbols.—Mrs. Sigourney.

PROFANE SWEARING.

There are some persons of upright conduct in the main, who would abhor the thought of profane swearing on every trifling occasion; they condemn it in others, and are not pleased when they hear it. Their general character may be amiable and kind. But still, when they become angry, when their temper has destroyed the action of reason and conscience for a time, and in a measure unbalanced their minds, and destroyed all consideration, they then break out in profanity. A terrible storm lowers around their brow, the presence of God is forgotten, the common decencies of life are disregarded, the foundation for repentance is then laid in the hasty language of an unguarded hour, words of profanity—words of imprecation, that would otherwise speak the words of truth and soberness! "He that is slow to anger is better than the mighty, and he that ruleth his spirit, than he that taketh a city. Cease from anger and forsake wrath,

fret not thyself in any wise to do evil. He that is soon angry dealeth foolishly, and a man of wicked devices is hated. A soft answer turneth away wrath, but grievous words stir up anger. The discretion of a man defereth his anger, and it is his glory to pass over a transgression. He that hath no rule over his spirit is like a city that is broken down and without walls. Make no friendship with an angry man, for anger resteth in the bosom of fools."

JEW DAVID'S.

OR

HEBREW PLASTER.

I am owing to its extraordinary effects upon the animal fibre or nerves, ligaments and muscles, its virtues being carried by them to the immediate seat of disease or pain and weakness.

However good any internal remedy may be, this as an external application, will prove a powerful auxiliary, in removing the disease and facilitating the cure in cases of local inflammation. Scrofulous affections, King's Evil, Gout, inflammatory, and Chronic Rheumatism, and in all places where seat of pain exists.

It has likewise been very beneficial in cases of weakness, such as weakness and pain in the stomach, weak limbs, lameness, affections of the spine, female weakness, &c. No female subject to pain or weakness in the back or side, should be without it. Married ladies in delicate situations, find great relief from constantly wearing this plaster.

No puffing or great spread of certificates is intended. Those who wish to satisfy themselves of the efficacy of this plaster can obtain a sufficient quantity to spread 6 or 8 for 50 cts; a sum not half sufficient to pay for the insertion of a single certificate into any of our most common prints a single time. This trifling price per box, is placed upon it in order that it may be within the means of every afflicted person of the community, that all; whether rich or poor may obtain the treasure of health, which results from it.

Price per box, 50 cts. Directions accompanying each box.

COUGHS, COLDS,

And all diseases of the Lungs.

THE VEGETABLE PULMONARY BAL-SAM is believed to be deservedly the most popular Medicine ever known in America, for coughs, colds, asthma or phthisis, consumption, whooping cough, and Pulmonary affections of every kind.

The Vegetable Pulmonary has been very extensively used for about twelve years; and its reputation has been constantly increasing. So universal is popular has this article become that it may be considered as a standard article in a large part of the United States and British Provinces. Many families keep it constantly by them, considering it the most safe and certain remedy for the above complaints. The proprietors have received, and are receiving numerous recommendations from many of our best Physicians, who make use of it in their practice. The names of a few individuals who have given their testimony in favor of this article are here subjoined, and for a more full account see the envelope to the bottle.

Doct. Amory Hunting, Doct. Samuel Morrill, Truman Abell, Timothy Baylies, Thomas Brown, Jere Ellsworth, William Perry, Albert Guild.

AN INTERESTING CASE.

Extract of a letter from Mr. C. S. Clay, Kingston, Ulster county N. Y., to the proprietors: Yours of the 9th instant was duly received. A remarkable cure was effected by the Vegetable Pulmonary Balsam, in the winter and spring of 1835. The person, Mr. Moody, had been sick a long time with the consumption. His physicians had given him up. He was reduced so low as to be unable to help himself, and was raising a large quantity of blood, when he commenced using the Balsam, which effected a complete cure, and he is now as hale and hearty as ever he was. Mr. Moody has removed from this town, but he has promised me a more detailed account of his case, which I will forward you.

C. S. CLAY.

Kingston, N. Y. June 25th, 1835.

In the winter of 1837 and 1838, I was seized with a violent cough, which continued two or three months. My cough was so severe that I was obliged to sit up two or three hours during the night, and I was much reduced in flesh and strength, and my appetite gone. One of my neighbors had a bottle of the Vegetable Pulmonary Balsam, which he would not sell, he however loaned it to me till I could get him another. I experienced immediate relief from it. The first opportunity I had I procured more of it, and to the use of it I ascribe the preservation of my life.

COUNTERFEITS, BEWARE OF IMPOSITION!

Each genuine bottle is enclosed in a blue wrapper, on which is a label, signed by SAMUEL REED. NONE OTHER CAN BE GENUINE.

IF the outside Yellow Label will have on, and after December 1839, in addition to that of Samuel Reed, the Signature of Wm. JOHN CUTLER, one of his printers.

The great celebrity of the Vegetable Pulmonary Balsam has been the cause of attempts to introduce spurious articles, which by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures are the 'American Pulmonary Balsam,' 'Compound Pulmonary Balsamic Syrup,' 'Pulmonary Balsam,' 'Carter's Compound Pulmonary Balsam,' and others. Purchasers for the true article by its whole name—PULMONARY BAL-SAM, and see that it has the name and signatures of the genuine.

Each bottle and seal is stamped 'Vegetable Pulmonary Balsam.'

ONE MORE COUNTERFEIT, besides the 'American Pulmonary Balsam,' and others above alluded to.—An attempt has been made to deceive the public by a spurious mixture called 'Vegetable Pulmonary Balsam,' sometimes signed Samuel Lee and sometimes Samuel Reed—said to be prepared by an unprincipled man in Bangor, Me. The name is written in a way to resemble the genuine signature, and is a most foul attempt to deceive the public and avoid the punishment that await actual forgery.

For sale by REED, WING & CUTLER (Late Low & Reed) wholesale dealers in Drugs, Medicines, Paints and Dye Stuffs, No. 54 Chatham Street, Boston, also by Luther Jewett, St. Johnsbury, Vt., and A. McMillan Danville Vt. Price 50 cts 167epl.

Citizens of Vermont.

IN order to secure to you the true BRANDRETH VEGETABLE UNIVERSAL PILLS, the sale of them in your State will hereafter be conducted in the following manner:

But one travelling agent, Mr. JOHN O. LANGLEY, will visit the State, whose authority to act for me will be made manifest by producing numerous CERTIFICATES signed with a pen by me, with my family arms embossed upon the paper, and a finely executed view of my Manufactory in New York State, engraved thereon.

Local Agents, by observing this need never be imposed upon by Pedlars.

EVERY Local Agent, furnished with the genuine Pills, will have one of those aforementioned Certificates put up in his store. Observe that it is signed with a pen, B. BRANDRETH, M. D. and that my family arms are embossed upon the paper. See that the date thereof is engraved.

No Certificate is any guarantee that the holder sells genuine Pills after one year from the engraved date thereof.

Purchasers by observing this need never be imposed upon by local or travelling Traders who when wanted, more principle than to deal in counterfeit Medicine. See the reading on the side of each box, and never forget to ask for this.

CERTIFICATE OF AGENCY!

The aforementioned travelling Agent will make frequent calls upon Local Agents, furnishing them from time to time with supplies of the GENUINE BRANDRETH'S PILLS.

From my principal New England Office, 19 Hanover Street, BOSTON.

No Pills will be sold from me to retail in Vermont but to Local Agents, therefore, should others not holding my Certificate of Agency, profess to have the Genuine Brandreth Pills, believe them not!

ONE WORD to Traffickers in counterfeits of my Pills. I am determined to expose and prosecute all infractions upon my just rights.

A list of my local Agents in Vermont, will be published in most of the papers printed in that State, soon as prepared. Purchasers, buy of those Agents only, and you will avoid imposition.

If the genuine medicine is obtained, there is no doubt its giving satisfaction; and if all who want it are careful to go by the above directions, there is little danger but they will obtain it.

In all kinds of sickness the great secret is to have the medicine by you when you are first attacked; once possessed they will do more good than twenty, if put off until disease has enfeebled the bodily powers. Let me then, recommend every individual who considers health a blessing, to keep a box of them where he can be sure to lay his hand on them when wanted. Twenty five cents cannot possibly be better disposed of; a valuable life may be saved or a long fit of sickness prevented.

They have cured since their introduction into the United States, probably 300,000 persons of consumption, influenza, colds, indigestion, dyspepsia, headache, and sense of fullness in the back part of the head, usually the symptoms of apoplexy, jaundice, fever and ague, bilious, scurvy, typhus, yellow and common fevers of all kinds; asthma, gout, rheumatism, nervous disease, liver complaint, pleurisy, inward weakness, depression of the spirits, raptures, inflammation, sore eyes, fits, palsy, dropsy, small pox, measles, croup, coughs, whooping cough, quinsy, cholera, cholera morbus, gravel, worms, dysentery, deafness, ringing noises in the head, king's evil, scrofula, erysipelas, or St. Anthony's fire, salt rheum, white swellings, ulcers of some of the face, sores standing, cancers, tumors, swelled feet and legs, piles, costiveness, all eruptions of the skin, particularly ring worms, frightful dreams, female complaints of every kind, especially obstructions, relaxations, &c.

Although it will only be 5 years next May since the first office was established in New York, yet in that time I have sold over NINE MILLIONS of boxes, and have now seventeen offices for their exclusive sale, at least one in every principal city in the Union, at an expense of nearly forty thousand dollars per year. And with the expenses of advertising, and other incidentals, this was a little over ONE HUNDRED THOUSAND DOLLARS for the year EIGHTEEN AND THIRTY-SIX, some idea may be formed of how the medicine is appreciated from these facts. They are indeed the greatest blessing that ever yet has been bestowed on man.

I suppose that a hundred volumes might be filled with certified cases of cure, solely by Brandreth's Vegetable Universal Pills, on all the above mentioned appearances of ONLY ONE DISEASE, all really proceeding from IMPURE BLOOD.

My only care is to procure the Genuine, and if the citizens of Caledonia, Orleans, and Essex counties, Vermont, will never purchase but of the following Agents in their respective towns, all danger of imposition will be evaded, never buy of others.

THE LION OF THE DAY.

NO CURE NO PAY.
THE GENUINE OLD DUTCH.
OR GERMAN VEGETABLE PILLS.

HIGHLY recommended by Doct. Valentine Mott M. D. of N. Y. and others. There are the orders! Any one that does not find relief from these pills the price is refunded back, this is the positive orders of the Proprietor to agents and others.

In offering these pills to the public, I appeal to their intelligence. If these pills are what they are recommended, you are in duty bound, out of respect to yourself and community to reject them, and publish them to the world as an imposition, humbug and quackery. The public may be assured they are purely vegetable, they are composed of nine ingredients, part of the medicine are only found in Asia and in the valleys of Germany, for convenience these extracts are made into pills and will be found a sure cure or relief for all bilious complaints, yellow and bilious fevers, fever and ague, jaundice, scurvy rash, bilious cholera, dyspepsia, &c. &c.

It is not intended that this medicine is a cure for all diseases to which the human system is liable. Ten thousand useless efforts have been made to draw from the region of unknown fancy, some long span theory of magic art, which should cure every disease. Good medicine is not to be found in the fire or whirlwind.

Health and happiness hang upon chance winds—time is the herald of truth.
